

**THE MARKET FOR BEAM AND BLOCK FLOORING IN GREAT BRITAIN**  
**- Its structure, markets and prospects**

**CONTENTS**

|   | <u>PAGE NO.</u> |
|---|-----------------|
| 1 Background  | 1               |
| 2 Estimated market size   | 2               |
| 2.1 Market size   | 2               |
| 2.2 Trends in market size   | 3               |
| 2.3 Analysis by region  | 5               |
| 2.4 Market prospects  | 8               |
| 3 Analysis of purchasing considerations                                 | 10              |
| 3.1 Factors affecting purchasing  | 10              |
| 4 Manufacturers   | 14              |
| 4.1 Estimated market shares   | 14              |
| 4.2 Supply and fit  | 17              |
| 4.3 Policy on merchants   | 18              |
| 4.4 Financial performance   | 19              |
| 4.5 Respondents' views on companies, product range, quality and service | 21              |
| 4.6 Purchasing of beams with blocks                                     | 27              |
| Appendix A Manufacturers offering supply only or supply and fit         | 28              |
| Appendix B Manufacturers' policy on dealing with merchants              | 29              |
| Appendix C Respondents' comments on beam and block flooring             | 30              |

(Report ends page 35)
